Article 4 **Resident**

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

 - d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

Article 5

4. Notwithstanding the provisions of paragraphs 1, 2 and 3, where an enterprise of a Contracting State performs services in the other Contracting State
 - a) through an individual who is present in that other State for a period or periods exceeding in the aggregate 183 days in any twelve month period, and more than 50 per cent of the gross revenues attributable to active business activities of the enterprise during this period or periods are derived from the services performed in that other State through that individual, or
 - b) for a period or periods exceeding in the aggregate 183 days in any twelve month period, and these services are performed for the same project or connected projects through one or more individuals who are present and performing such services in that other State

the activities carried on in that other State in performing these services shall be deemed to be carried on through a permanent establishment of the enterprise situated in that other State, unless these services are limited to those mentioned in paragraph 5 which, if performed through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph. For the purposes of this paragraph, services performed by an individual on behalf of one enterprise shall not be considered to be performed by another enterprise through that individual unless that other enterprise supervises, directs or controls the manner in which these services are performed by the individual.

5. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

6. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 7 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 5 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property (including livestock and equipment used in agriculture and forestry), rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7 Business Profits

1. Profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits that are attributable to the permanent establishment in accordance with the provisions of paragraph 2 may be taxed in that other State.
2. For the purposes of this Article and Article 22, the profits that are attributable in each Contracting State to the permanent establishment referred to in paragraph 1 are the profits it might be expected to make, in particular in its dealings with other parts of the enterprise, if it were a separate and independent enterprise engaged in the same or similar activities under the same or similar conditions, taking into account the functions performed, assets used and risks assumed by the enterprise through the permanent establishment and through the other parts of the enterprise.
3. Where, in accordance with paragraph 2, a Contracting State adjusts the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States and taxes accordingly profits of the enterprise that have been charged to tax in the other State, the other State shall, to the extent necessary to eliminate double taxation on these profits, make an appropriate adjustment to the amount of the tax charged on those profits. In determining such adjustment, the competent authorities of the Contracting States shall if necessary consult each other.
4. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 Shipping, Air Transport and Containers

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.
2. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic shall include in particular:
 - a) profits from the leasing of ships or aircraft engaged in international traffic on charter fully equipped, manned and supplied;
 - b) profits from the leasing of ships or aircraft on a bare boat charter basis if such leasing activity is an ancillary activity for the enterprise engaged in international traffic;
 - c) profits from the leasing of containers if such leasing activity is an ancillary activity for the enterprise engaged in international traffic.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.
4. The provisions of paragraphs 1, 2 and 3 shall apply to profits derived by the joint Norwegian, Danish and Swedish air transport consortium Scandinavian Airlines System (SAS), but only insofar as profits derived by SAS Scandinavian Airlines Norge AS, the Norwegian partner of the Scandinavian Airlines System (SAS), are in proportion to its share in that organisation.

Article 9 **Associated Enterprises**

1. Where
 - a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits, if that State considers the adjustment justified. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.
3. The provisions of paragraph 2 shall not apply in cases where one or more transactions leading to an adjustment of profits in accordance with paragraph 1 are regarded as fraudulent according to an administrative or judicial decision.

Article 10 **Dividends**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - a) 5 per cent of the gross amount of the dividends if the beneficial owner is a pension fund, provided that the shares or other rights in respect of which such dividends are paid are held for the purpose of an activity mentioned under paragraph 1, I) of Article 3;
 - b) 15 per cent of the gross amount of the dividends in all other cases.
3. Notwithstanding the preceding provisions of this Article, dividends shall not be taxed in the Contracting State of which the company paying the dividends is a resident if the beneficial owner of the dividends is:
 - a) a company which is a resident of the other Contracting State and which holds, for an uninterrupted period of at least twelve months, shares representing directly at least 10 per cent of the capital of the company paying the dividends;
 - b) in the case of Norway:
 - (i) Norway or a political subdivision or local authority thereof;
 - (ii) the Central Bank of Norway;

 - (ii) the National Bank of Belgium;
 - (iii) the Federal Holding and Investment Company;
 - (iv) a statutory body or any institution wholly or mainly owned by Belgium, a political subdivision or local authority thereof, as may be agreed from time to time between the competent authorities of the Contracting States.
4. Paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
5. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income paid in the form of interest which is subjected to the same taxation treatment as income from shares by the tax legislation of the State of which the paying company is a resident.
6. The provisions of paragraphs 1, 2 and 3, a) shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

Article 11 Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest shall be exempted from tax in the Contracting State in which it arises if it is:
 - a) interest beneficially owned by a Contracting State, a political subdivision or a local authority thereof or by an instrumentality of that State, political subdivision or local authority;
 - b) interest paid by a purchaser to a seller in connection with a commercial credit resulting from deferred payments for goods, merchandise, equipment or services;
 - c) interest paid in respect of loans of any nature granted by a banking enterprise, except where such loans are represented by bearer instruments;
 - d) interest paid in respect of a credit or loan of any nature granted or extended by an enterprise to another enterprise;
 - e) interest paid to a pension fund, provided that the debt-claim in respect of which such interest is paid is held for the purpose of an activity mentioned under Article 3, paragraph 1, d).
4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term "interest" shall not include for the purpose of this Article penalty charges for late payment or interest regarded as dividends under paragraph 5 of Article 10.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.
8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

However, this last provision shall apply only in the case of an individual who has been a resident of that other Contracting State at any time during the five taxable periods immediately preceding the year in which the alienation took place, and only to that part of the gain which relates to the period before that individual last became a resident of the first-mentioned State.

5. a) Subject to sub-paragraph b) of this paragraph, salaries, wages and similar remuneration derived by a resident of a Contracting State in respect of an employment connected with the exploration or exploitation of the seabed or subsoil or their natural resources situated in the other Contracting State may, to the extent that the duties are performed offshore in that other State, be taxed in that other State. However, such remuneration shall be taxable only in the first-mentioned State if the employment is carried on offshore for an employer who is not a resident of the other State and provided that the employment is carried on for a period or periods not exceeding in the aggregate 30 days in any twelve-month period commencing or ending in the taxable period concerned.
 - b) Salaries, wages and similar remuneration derived by a resident of a Contracting State in respect of an employment exercised aboard a ship or aircraft engaged in the transportation of supplies or personnel to a location, or between locations, where activities connected with the exploration or exploitation of the seabed or subsoil or their natural resources are being carried on in the other Contracting State, or in respect of an employment exercised aboard tugboats or other vessels operated auxiliary to such activities, may be taxed in the State of which the enterprise carrying on such activities is a resident.
6. Gains derived by a resident of a Contracting State from the alienation of:
 - a) exploration or exploitation rights; or
 - b) property situated in the other Contracting State and used in connection with the exploration or exploitation of the seabed or subsoil or their natural resources situated in that other State; or
 - c) shares deriving their value or the greater part of their value directly or indirectly from such rights or such property or from such rights and such property taken together,may be taxed in the other Contracting State.

In this paragraph "exploration or exploitation rights" means rights to assets to be produced by the exploration or exploitation of the seabed or subsoil or their natural resources in the other Contracting State, including rights to interests in or to the benefit of such assets.

Article 21 **Other Income**

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.
2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing articles of the Convention and arising in the other Contracting State may be taxed in that other State if such items of income are not effectively taxed in the first-mentioned State.
4. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the income is paid to take advantage of this Article by means of that creation or assignment.

Article 22
Elimination of Double Taxation

1. Subject to the provisions of the laws of Norway regarding the allowance as a credit against Norwegian tax of tax payable in a territory outside Norway (which shall not affect the general principle of this Article)
 - a) Where a resident of Norway derives income which, in accordance with the provisions of this Convention, may be taxed in Belgium, Norway shall allow as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Belgium on that income. Such deduction shall not, however, exceed that part of the income tax, as computed before the deduction is given, which is attributable to the income which may be taxed in Belgium.
 - b) Where in accordance with any provision of the Convention income derived by a resident of Norway is exempt from tax in Norway, Norway may nevertheless include such income in the tax base, but shall allow as a deduction from the Norwegian tax on income that part of the income tax which is attributable to the income derived from Belgium.
2. In the case of Belgium:
 - a) Where a resident of Belgium derives income, not being dividends, interest or royalties, which is taxed in Norway in accordance with the provisions of this Convention, Belgium shall exempt such income from tax but if such resident is an individual, Belgium shall only exempt such income from tax to the extent that such income is effectively taxed in Norway.
 - b) The exemption provided for in subparagraph a) shall also be granted with respect to income - regarded as dividends under Belgian law - which is derived by a resident of Belgium from a participation in an entity that has its place of effective management in Norway, and has not been taxed as such in Norway, provided that the resident of Belgium is taxed in Norway on his share of the income of the entity. The exempted income is the income received after deduction of the costs incurred in Belgium or elsewhere in relation to the management of the participation in the entity.
 - c) Notwithstanding the provisions of subparagraphs a) and b) and any other provision of the Convention, Belgium shall, for the determination of the additional taxes established by Belgian municipalities and conurbations, take into account the earned income (*revenus professionnels - beroepsinkomsten*) that is exempted from tax in Belgium in accordance with subparagraphs a) and b). These additional taxes shall be calculated on the tax which would be payable in Belgium if the earned income in question had been derived from Belgian sources.

Where in accordance with any provision of the Convention income derived by a resident of Belgium is exempted from tax in Belgium, Belgium may nevertheless, in calculating the amount of tax on the remaining income of such resident, apply the rate of tax which would have been applicable if such income had not been exempted.

- d) Dividends derived by a company which is a resident of Belgium from a company which is a resident of Norway shall be exempted from the corporate income tax in Belgium under the conditions and within the limits provided for in Belgian law.
- e) Where a company which is a resident of Belgium derives from a company which is a resident of Norway dividends which are not exempted in accordance with subparagraph d), such dividends shall nevertheless be exempted from the corporate income tax in Belgium if the company which is a resident of Norway is effectively engaged in the active conduct of a business in Norway. In such case, such dividends shall be exempted under the conditions and within the limits provided for in Belgian law except those related to the fiscal regime applicable to the company which is a resident of Norway or to the income out of which the dividends are paid. This provision shall only apply to dividends paid out of income generated by the active conduct of a business.
- f) Where a company which is a resident of Belgium derives from a company which is a resident of Norway dividends which are included in its aggregate income for Belgian tax purposes and which are not exempted from the corporate income tax according to subparagraphs d) or e), the Norwegian tax charged on such dividends in accordance with paragraph 2 of Article 10 shall be allowed as a credit against Belgian tax relating to such dividends. The credit allowed shall not exceed that part of the Belgian tax which is proportionally relating to such dividends.
- g) Subject to the provisions of Belgian law regarding the deduction from Belgian tax of taxes paid abroad, where a resident of Belgium derives items of his aggregate income for Belgian tax purposes which are interest or royalties, the Norwegian tax charged on that income shall be allowed as a credit against Belgian tax relating to such income.
- h) Where, in accordance with Belgian law, losses incurred by an enterprise carried on by a resident of Belgium in a permanent establishment situated in Norway have been effectively deducted from the profits of that enterprise for its taxation in Belgium, the exemption provided for in sub-paragraph a) shall not apply in Belgium to the profits of other taxable periods attributable to that establishment to the extent that those profits have also been exempted from tax in Norway by reason of compensation for the said losses.

Article 23

Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.
3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 4 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.
4. The competent authorities of the Contracting States shall agree on administrative measures necessary to carry out the provisions of the Convention and particularly on the proofs to be furnished by residents of either Contracting State in order to benefit in the other State from the exemptions or reductions of tax provided for in the Convention.
5. The competent authorities of the Contracting States shall communicate directly with each other for the application of the Convention.

Article 25

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, trust, foundation, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 26

Assistance in the Collection of Taxes

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.
2. The term "revenue claim" as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.
3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.
4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.
5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.
7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be
 - a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
 - b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection,

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to carry out measures which would be contrary to public policy (ordre public);
 - c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
 - d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

Article 27

Members of Diplomatic Missions and Consular Posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.
2. Insofar as, due to fiscal privileges granted to members of diplomatic missions and consular posts under the general rules of international law or under the provisions of special international agreements, income is not subject to tax in the receiving State, the right to tax shall be reserved to the sending State.

3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of diplomatic missions or consular posts of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income.

Article 28 **Entry into Force**

1. Each Contracting State shall notify the other Contracting State of the completion of the procedures required by its laws for the bringing into force of this Convention. The Convention shall enter into force on the date on which the later of these notifications is received.
2. The provisions of the Convention shall have effect:
 - a) with respect to taxes due at source, on income credited or payable on or after January 1 of the year next following the year in which the Convention entered into force;
 - b) with respect to other taxes on income, on income of taxable periods beginning on or after January 1 of the year next following the year in which the Convention entered into force;
 - c) with respect to other taxes, on taxes due in respect of taxable events taking place on or after January 1 of the year next following the year in which the Convention entered into force.
3. The Convention between the Kingdom of Norway and the Kingdom of Belgium for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital signed in Oslo on 14 April 1988, as amended by the Protocol signed in Brussels on 10 September 2009, shall terminate and cease to be effective from the date upon which this Convention has effect in respect of the taxes to which this Convention applies in accordance with the provisions of paragraph 2 of this Article.

Article 29 **Termination**

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving to the other Contracting State, written notice of termination not later than June 30 of any calendar year from the fifth year following that in which the Convention entered into force. In the event of termination before July 1 of such year, the Convention shall cease to have effect:
